## Dear Customers, Concern

**Poly Plan Ltd.** a concern of **Daffodils International** was established in the year 2003 with a view to provide backward linkage support to the country's bustling export oriented garments industries. The facility is equipped with state of the art machineries and is backed up with a team of trained and efficient human resources. **Poly Plan Ltd.** started production with a firm determination to manufacture international standard quality garments accessories. The management has since decided to diversify into production of ready-made garments arising out of a thirst to meet greater challenges.

### We believe on the following factors:

- a. Establishing a good relationship with it's valued customers.
- b. Manufacturing garments accessories that consistently meet international standards.
- c. Delivering consignments according to the terms of the customers order with regard to deadlines and other such conditions.

We are committed to provide the best quality of products competitive prices and prompt delivery to our valued clients.
