Dear Customers, Concern

Poly Plan Ltd. a concern of **Daffodils International** was established in the year 2003 with a view to provide backward linkage support to the country's bustling export oriented garments industries. The facility is equipped with state of the art machineries and is backed up with a team of trained and efficient human resources. **Poly Plan Ltd.** started production with a firm determination to manufacture international standard quality garments accessories. The management has since decided to diversify into production of ready-made garments arising out of a thirst to meet greater challenges.
